

## ORLEN OIL ZIELONY OGRÓD

### General features:

Orlen OIL Zielony Ogród (Green Garden) ensures perfect cleanliness of engines, prevents the formation of sludge and carbon deposits, it reduces the wear of engine components.

### Application:

Modern, mineral engine oil developed for operation in small four-stroke engines used in gardening equipment such as: mowers, brushcutters and cutters. It is perfect for engines operating in cultivators, compact tractors, tillers, plows and other auxiliary devices.

### Quality class:

API : SG/CE/CD

### Viscosity grad:

SAE: 30

### Physical and chemical properties:

Parameters	Unit	Typical values
SAE viscosity grade	-	30
kinematic viscosity at 100°C	mm <sup>2</sup> /s	9,3 - 12,5
viscosity index	-	90
flow temperature	°C	-15
ignition temperature	°C	215
sulphate ash	% m/m	1,15

**Note:** Physicochemical parameters listed in the table are typical values. Real values are stated in quality control certificates attached to each production batch.
