

ORLEN OIL GEAR LX 85W-140

General features:

ORLEN OIL Gear LX 85W-140 is a high-performance gear oil designed for trucks, construction and agricultural machines. Due to the good oxidation resistance and carrying high loaded capacity provides protection of transmission elements during the entire operation.

Guarantees:

- stability of the lubricating properties during operation
- High load carrying capacity,
- Excellent lubricity and anti-wear properties.

Application:

ORLEN OIL Gear LX 85W-140 is intended for use primarily in final drives and rear axles.

Viscosity grad:

SAE: 85W-140

Quality class:

API: GL-5

Standards, approvals, specifications

Meet requirements:

ZF TE-ML 05A, 07A, 08, 12E, 16C, 16D, 17B, 19B, 21A
Scania STO 1:0
Volvo 1273.10

Physical and chemical properties

Parameters	Units	Typical values
SAE Viscosity grade	-	85W-140
Kinematic viscosity at 100 °C	mm ² /s	27,5
Viscosity index	-	95
Solidification point	°C	-23
Flash-point	°C	230

Note: Physicochemical parameters listed in the table are typical values. Real values are stated in quality control certificates attached to each product lot.
